

KINBRIDGE LIVING

Skilled clinical care by Agape's Way Healthcare Services.

Referral Snapshot

Kinbridge Living is a group home that serves medically fragile residents. Skilled nursing and respiratory care are delivered on site by our sister agency, Agape's Way Healthcare Services — so your patient moves into a real home with hospital-level clinical oversight already in place.

Populations Served	Pediatric and adult residents.
Clinical Focus	Specialized care for tracheostomy, gastrostomy tube (G-tube), & ventilator-dependent individuals 3 and up.
Funding	Medicaid, APD Waiver, LTC waiver, Sunshine, Simply, Humana Medicaid.
Referral Review	Within 24 hours of a complete referral.
Tours	Available within 48 hours.
Intake Contact	referrals@agapesway.com

How to Refer

A simple, predictable path from referral to move-in:

- 1 Send the referral and clinical summary to referrals@agapesway.com
- 2 Clinical review completed within 24 hours
- 3 Tour scheduled — available within 48 hours
- 4 On-site or bedside clinical assessment
- 5 Funding / authorization confirmed
- 6 Admission meeting with family and care team
- 7 Coordinated move-in day

What to include with a referral: Current H&P, recent clinical notes, medication list, equipment and respiratory settings, funding/plan information, and guardianship documents if applicable.

Admission & Exclusion Criteria

Clear criteria help you place the right patient on the first try and avoid a failed transition.

WE ADMIT RESIDENTS WHO MAY REQUIRE

- Tracheostomy care and suctioning
- Ventilator management
- Oxygen therapy
- Enteral feeding (G-Tube / GJ-Tube), including continuous feeds
- Seizure management
- Medication administration and management
- Wound care and chronic disease management
- 24/7 skilled nursing oversight

GENERALLY NOT APPROPRIATE FOR PLACEMENT

- Needs that exceed the home's licensed level of care
- Acute instability requiring hospital-level intervention
- Behavioral needs that cannot be safely supported in a shared residential setting
- Funding that cannot be verified or authorized for this level of care

Not sure if a patient fits? Send the referral anyway — we'll review within 24 hours and tell you straight.

Who's Responsible for Care

Chiriga Ofori, RN, BSN (Founder & Chief Executive Officer)

A registered nurse who built Kinbridge Living and Agape's Way from a three-resident home into a multi-location organization serving medically complex residents. Sets the clinical and cultural standard for the organization.

Kayla Martin (Director of Operations)

Oversees daily operations, compliance, and coordination across homes — the operational point of accountability for each placement.

Nikia McGee, DON (Director of Nursing / Clinical Leadership)

Oversees all clinical and nursing personnel to ensure high-quality resident care, regulatory compliance, and alignment with professional nursing standards.

Terrance Heyward (Group Home Manager)

Manages daily non-clinical operations, ensuring regulatory readiness, staffing coordination, resident engagement, and a safe, structured home environment.

Jena Johnston (Respiratory Therapist)

Supports trach and ventilator competency, staff training, and respiratory safety.

What Families & Partners Say

"For the first time since the diagnosis, I slept through the night knowing my son was safe."

Nanette, Parent of a Resident

"They reviewed the referral same day and made a hard placement easy."

Heather, Orlando Health Regional Medical Center

"Communication is consistent and the clinical care is genuinely strong."

Duffie, APD Support Coordinator

Tour availability	Within 48 hours
Assessment scheduling	Coordinated immediately upon clinical acceptance

Questions to Ask Any Group Home

Not every home that accepts a medically complex resident is equipped to care for one. These are the questions worth asking every provider — and how Kinbridge Living answers them.

The Question to Ask	Kinbridge Living	Many Providers
Is there skilled nursing oversight?	Yes, 24/7	Varies
Can they manage trachs and ventilators?	Yes	Often no
Can they manage tube feedings?	Yes	Varies
How quickly are residents assessed?	On admission + ongoing	Varies
How are physician orders communicated?	Coordinated by clinical team	Varies
What happens during emergencies?	Trained staff + protocols	Varies
How fast is a referral reviewed?	Within 24 hours	Often days

The point isn't to criticize other providers — it's to make sure your patient lands somewhere that can truly meet their needs.
